About LDI

We are passionate about training believers to be effective in cross-cultural church planting. Our vision is that cross-cultural workers (at home or abroad) be competent, relevant and faithful. LDI prepares and coaches pre-field and veteran cross-cultural missionaries and volunteers. We do this through a superior training program and on-going mentorship. Refined over years of use, the training material is regularly augmented for a rapidly changing world.

CROSS- CULTURAL LEADERSHIP

A Personal Development
Program by LDI

www.ldiministries.org

**Be salt.
Be light.
Be the change.**

Our certificate program is designed for **real life ministry**, and is recognized by Newbridge Leadership Institute for up to nine credits towards a master degree (M.Min)

Prepare for Success in Cross-Cultural Ministry

3 modules • 8 sessions each

Topics include:

- Culture
- Missions
- Leadership
- and more!

LDI connects you with individuals who have lived and worked in local and international cross-cultural environments. Our classes are taught through **certified coaches** in church or small group settings. There are eight lessons per module and homework is assigned with the guidance of a coach in preparation for the final exam. Packed with features, the **LDI learning platform** is fast, secure, and accessible 24/7 online!

Who is it for?

The **LDI Personal Development Program** is ideal for students, pastors, missionaries and professionals who wish to minister cross-culturally. The coach-led program is ideal for individuals, couples, and small-groups.

Transfer with CREST!

The LDI-PDP certificate can be transferred to Newbridge Leadership Institute for up to **nine credits towards a master's degree**. The remaining 22 credits for a master's degree can be achieved through a similar pathway using the CREST program of Newbridge Leadership Institute.

Through the CREST program, Newbridge Leadership Institute has pre-approved the LDI PDP certificate program as part of their core list of approved alternative credits.

The CREST program is a great option for working professionals and individuals living overseas to reduce/eliminate the need to travel to the USA to complete a master's degree. Students can get credit through non-traditional, non-classroom options, including our certificate program.

The suggested path for a degree through Newbridge is to first apply for the master's degree prior to joining the certificate program to know if you qualify. The institute is a separate entity from LDI and you may contact Newbridge directly for more information at www.newbridge.ac.

Earn your Master's Degree through Newbridge Leadership Institute!
